

DISTINGUISHED ALUMNI AWARD CRITERIA

Central Dauphin School District has produced outstanding graduates who have achieved greatness and had an impact in their industry, on society or in the lives of others. For these reasons, the Panther Ram Foundation has established a Distinguished Alumni Award to honor graduates who have built on their K-12 education to significantly contribute to their vocation and/or their community — local, national or global.

The Foundation aims to identify a group of outstanding candidates, a subset of whom will be honored at the Annual Panther Ram Foundation Benefit. In addition to recognizing these honorees, the program will make current Central Dauphin School District students, employees and the entire community aware that our school district produces outstanding graduates who have demonstrated leadership and excellence in their professional and personal lives.
